Manufacturing plant – ITALY, Reggio Emilia

Manufacturing plant – USA, Charlotte

THE COMPANY

Founded in the province of Reggio Emilia, Italy in 1967, PreGel has become an international powerhouse in the foodservice sector of manufacturing and distributing specialty dessert ingredients and semi-finished goods for artisanal gelato, sorbetto, soft serve frozen desserts, pastry, frozen yogurt, and coffee shops.

PreGel's business model is to create products that combine both quality and innovation, while continuing to develop the dessert market around the world.

PreGel's products and services are available in more than 130 countries thanks to its subsidiaries worldwide and a network of distributors serving over 30,000 clients daily.

The material processing, the strictest sanitary conditions under which our products are manufactured and packaged, as well as the automatic management of our warehouse, have made PreGel the essential reference point for all the professionals in the sector.

CERTIFICATIONS

BRC GLOBAL STANDARD FOR FOOD SAFETY – IFS FOOD (INTERNATIONAL FEATURED STANDARD)
 BRC and IFS Food certifications guarantee an efficient system is in place as well as high standards of hygiene. These standards focus on quality and food safety, and a complete application of HACCP as an integral part of the system. The achievement of these certifications demonstrates the Company's commitment to producing high-quality and healthy food in compliance with local regulations.

SQF
 PreGel America is a SQF certified supplier; the Safe Quality Food (SQF) is an internationally recognized food safety and quality certification program administered by the Food Marketing Institute (FMI). It certifies that all suppliers in the food chain effectively implement robust food safety control systems, requiring that both a rigorous and credible food safety management system and continuous monitoring procedures are applied.

ORGANIC CERTIFICATION
 In 2012, PreGel obtained an organic certification in line with the Company's policy of sustainability. The organic production method not only responds to consumers' demand and caters to a specific market, but also contributes to environmental protection, animal welfare, and rural development. PreGel's organic products are manufactured in compliance with the EC Reg. 834/2007.

KOSHER
 Products that carry a Kosher certification satisfy the requirements of Jewish law in regards to the ingredients and process involved in the production of food or food products.

HALAL
 In 2011, PreGel obtained Halal certification. Halal-certified products have been certified to follow Islamic food preparation and ingredient standards.

HAZELNUT PIEDMONT I.G.P.
 In 2013, PreGel obtained the I.G.P. certification for the Traditional Paste "Piedmont Hazelnuts I.G.P.". This certification contributes to the development of a sustainable model, enhancing the quality of the resources from local communities in Italy. The product "Piedmont Hazelnuts I.G.P." meets the requirements of EC Reg. 1107/96 and 1151/12 on the protection of geographical indications and designations of origin for agricultural products and food.

LIQUORICE OF CALABRIA D.O.P.
 In 2014, PreGel also decided to join the D.O.P. certification with the product "Liquorice of Calabria D.O.P." "La Liquirizia" is manufactured in accordance with the requirements of EC Reg. 1072/11 and 1151/12 on the protection of geographical indications and designations of origin for agricultural and food products.

PRODUCT CLAIMS

PreGel is committed to providing its customers with the opportunity to meet market demands, offering products that reflect the variety of dietary restrictions and lifestyles today's consumers require. Therefore, it provides a wide range of products that are certified:

Gluten Free

Palm Oil Free

Without Milk Derivatives (WMD)

Vegan

Note: PreGel solely guarantees the declarations for products in their original and intact packaging. All certified products are subject to careful analysis and controls before being marketed.

Base Evo Vittoria Super 100

BASES

A good base is essential in the production of artisanal gelato. With it comes many advantages, such as an extended shelf-life, a consistent level of quality, and a well-balanced mix. All PreGel bases provide the necessary balance (in terms of sugars, fats, and solids) to promote optimal consistency, creaminess and scoopability in gelato and sorbetto, while enhancing any added flavoring – Traditional Pastes and ForteFrutto®.

PreGel offers a wide array of hot and cold process bases that allow for personalization and meet the needs of all businesses. Base selections include: milk and water bases, fruit bases, chocolate bases, soya and alcoholic gelato bases.

BASES

PreBase

HOT PROCESS BASES

PreGel's hot process bases are proprietary powdered blends of dry ingredients with the most advanced formula that is activated by heat.

All hot process bases must be heated before the mixture is poured into the batch freezer. The overall process is quite simple. First, heat the milk in the pasteurizer to 35°C–40°C/95°F–104°F. Next, add the solids and mix well to complete the heating phase. Once the temperature reaches 85°C/185°F, cool the mixture down to 4°C/39.2°F and let it rest for at least 1.5 hours. Remove the appropriate amount of mixture from the pasteurizer and add in the PreGel Flavoring of your choice, blending well before processing in the batch freezer.

BASES

PreBase

COLD PROCESS BASES

PreGel's cold process milk bases are the answer to gelato makers' need for a quick method of achieving a greater amount of gelato without compromising taste. The formula for these bases was designed to eliminate the need to heat the mixture, saving time and money. The cold process consists of thoroughly mixing all ingredients together; then letting it rest for at least 30 minutes in a refrigerator before adding the PreGel Flavoring of your choice and processing in the batch freezer.

Please note that all PreGel cold process bases can be pasteurized if desired.

FRUIT BASES

PreGel's fruit bases are ideal for preparing refreshing fruit gelato and sorbetto. All fruit bases were created for cold process, but can be used in hot process, as well. PreGel's fruit bases can be used with PreGel Fortefrutto® or in combination with fresh fruit, frozen fruit, or fruit puree to create unique and delicious finished products.

NEUTRALS, TEXTURE IMPROVERS & STABILIZERS

PreGel's Neutrals are powdered products that help stabilize, thicken, and emulsify gelato and sorbetto. They represent the solution for those who want to create customized bases.

PreGel's Texture Improvers and Stabilizers improve the structure by enhancing its creaminess, scoopability, and hold in the display case.

Gelato made with
Coffee Cream Traditional Paste

FLAVORINGS

Made with raw materials sourced from around the world, PreGel's flavoring solutions offer consistency and high quality with every bite.

PreGel Flavorings are divided into three categories to meet all customers' needs: Traditional Pastes, ForteFrutto®, and Cold Process Flavors in powder.

Cold Process Flavors line provides both optimal shelf life and intense flavor to gelato, while they easily dissolve without leaving a grainy aftertaste.

Traditional Pastes are high-quality, concentrated products to be added to selected bases to provide your authentic gelato with a specific texture and intense flavor.

ForteFrutto®, "Forte" meaning strong and notable, and "Frutto" meaning fruit, are intense flavorings for fruit-based desserts.

FLAVORINGS

COLD PROCESS FLAVORS

This line of products includes a variety of concentrated powder products that serve as flavorings for gelato. They blend well in cold process bases, making them perfect for the quick preparation of high volumes.

FLAVORINGS

PISTACHIO TRADITIONAL PASTES

PreGel understands the indispensable role of pistachios within gelato and pastry-making, which is why the company decided to create a line of dedicated pistachio products, each one enhancing the different notes that define their distinctive flavor:

Code	Product	Dosage	Unit / Case	Kg / Unit	GF	V	K	H	POF	AP	AFC

FLAVORINGS

FORTEFRUTTO®

The fruits used to manufacture our ForteFrutto® pastes are sourced from around the world and carefully harvested at the peak of their season to ensure the authentic taste is preserved, bringing the highest quality flavor to our products. The ForteFrutto® line is perfect for applying flavor consistency to recipes due to varying ripening periods of fresh fruits during the year. These products can also be used in combination with fresh fruit to enhance flavor and create a more vibrant color. Additionally, these fruit-based pastes work well in the production of cakes, parfaits, and other pastries.

Mango sorbetto made
with Mango Sprint WMD

SPRINTS

PreGel's Sprint line is a complete line of cold process products that offer quick and easy preparation of artisanal gelato, sorbetto, or soft serve.

These products are great time-savers, while still creating a high-quality product: in fact, all of the solid ingredients are already balanced and only the addition of milk or water is required to create delicious frozen treats. The ease of the product line removes the need for measuring and allows for the same consistency and quality every time.

Meet our numerous flavors of Sprints with pieces, perfect for making delicious gelato with real fruit pieces, and Sprints without pieces for making both artisanal gelato and soft serve.

SPRINTS

SPRINTS WITH PIECES

Sprints with pieces are great for easily and quickly creating mouthwatering artisanal gelato and sorbetto, complete with pieces.

Soft gelato made with Frozen Yoggi® flavored with ForteFrutto® Green Apple

SOFT GELATO

PreGel Soft Gelato is a line of cold process powdered products that are full of flavor, and specifically created for making soft serve.

PreGel Centorighe® is an exclusive sales line created to decorate the soft gelato while it is being extracted from the machine, adding a bright and colorful touch to any soft serve.

SOFT GELATO

SOFT SERVE

These are powdered mixes to be used in a cold process, specially designed to make a simple, high-quality and fresh product when used with the appropriate soft gelato machine.

Raspberry sorbetto made
with Raspberry Light Beneo

LIGHT GELATO - WELLNESS LINE

PreGel has developed a low-calorie product line that does not include sucrose in the ingredients list.

These products are sweetened with fructose, sucralose, or Stevia and are therefore suitable for all those who want to reduce or completely eliminate sucrose in their diet. Moreover, some of these products are enriched by Beneo™ fibers.

Additionally, PreGel offers a line of organic-certified powdered products that are designed and manufactured with the same logic as the Sprint products. In fact, PreGel Bio products only require the addition of the liquid ingredients (water/organic milk/yogurt) and/or organic fruit to create organic gelato and sorbetto in minutes.

LIGHT GELATO - WELLNESS LINE

SWEETENED WITH STEVIA

Low-calorie products that are sweetened with Stevia - extract of a plant native to South America with high sweetening power.

The unmistakable flavor of yogurt gelato made with Yoggi®

YOGGI®

In 1985, PreGel launched Yoggi®, the first yogurt-flavored gelato ever to be presented in the market.

Born of a great intuition from our founder, and fully developed thanks to continuous research, PreGel's yogurt-flavored gelato revolutionized the artisanal gelato market, immediately claiming a place in all gelato showcases alongside the classics.

A few years later, the launch of soft serve Frozen Yoggi® started a new product category, giving life to the proliferation of large international yogurt chains, as well as several thousand independent retailers around the world.

More than 30 years after its creation, PreGel's yogurt-flavored gelato keeps asserting itself on international markets thanks to its unique, unrivalled flavor.

YOGGI®

Over the years, the genuine and unmistakable taste of PreGel's Yoggi® has been applied to a whole family of products: from artisanal and soft gelato to granita and smoothies, as well as innovative organic products and others enriched with milk cultures or sweetened with Stevia.

Gelato with Arabeschi® Biscotto
Gluten Free

VARIEGATES & FILLINGS

A wide range of ready to use, thick and refined sauces, ideal to enhance both gelato and pastry creations.

Soft and velvety or enriched with pieces, all PreGel variegates boast a thick yet creamy texture, thus becoming perfect for many applications: from pan and cup decorations to scrumptious layers in pastry specialties.

Our Arabeschi® and PinoPinguino products will easily accommodate the creativity of every chefs' imagination.

Ciocolatina and Ciocolatina Bianca are two chocolate-flavored creams created to be served directly in the gelato showcase.

VARIEGATES & FILLINGS

ARABESCHI®

Whether they are smooth and creamy or crumbly and crunchy; soft and velvety or enriched with fruit pieces, PreGel Arabeschi® are a fundamental ally in the everyday routine of professionals. Exclusively made with premium raw materials, all processed with passion and care, Arabeschi® are available in a wide variety of flavors: from the most classic and renowned to the most refined and original. Essential to enrich gelato cups and tubs and to create ever new recipes, they are also perfect for decorating frozen yogurt and any kind of soft serve. Thanks to their particular texture, Arabeschi® can be also used for countless applications in the pastry and beverage fields.

PinoPinguino layered gelato

PINOPINGUINO

Since being launched in 2010, PinoPinguino has become PreGel's top-selling brand, earning a place of honor in the display cases of the finest gelato shops worldwide.

PinoPinguino is a gelato sauce that stays soft and spreadable, even in freezing temperatures, and provides a veritable explosion of flavor when it melts in your mouth.

The perfect balance between the ingredients gives all PinoPinguino products an authentic taste that is full and rich; in addition, their exceptional consistency makes them extremely versatile and suited for a boundless number of the most innovative creations: it can be used both to decorate gelato and to create a host of recipes and original combinations in gelato shops and more.

PINOPINGUINO

PINOPINGUINO

In a short period of time, PreGel's PinoPinguino has become an iconic product line. These variegate sauces come in a variety of deliciously creamy flavors that keep unmatched creaminess even in negative temperatures. Incredibly versatile, the products in this line can be used in multiple applications. Try them to create scrumptious gelato layers to prepare both artisanal and soft gelato, or to fill and glaze gelato cakes, semifreddo, and much more.

Soft Gelato made with Banana Cream Sprint and garnished with Kiwi Topping

TOPPINGS & COATINGS

Top your gelato, sorbetto, soft serve, and frozen yogurt; make frozen pops, or coat cakes and monoportions. This category offers toppings and coatings for all dessert makers' needs.

PreGel's Toppings line is presented in liquid form, bringing forth extraordinary flavor inside of its sleek squeeze bottle packaging.

PreGel's diverse line of Coriandoline® Stick and Stracciatella coatings become liquid when heated and solidify when chilled, making them perfect for coating frozen pops, or for adding a crunchy touch to your gelato pans and cups.

TOPPINGS & COATINGS

TOPPINGS

PreGel Toppings are a complete line of high-quality, liquid products in sleek squeeze bottle packaging with the exclusive drop cap. These products can be stored at room temperature and are not only used in gelato, soft serve, and frozen yogurt, but also in pastry to garnish mousse, semifreddo, etc.

All fruit-flavored toppings within the line contain more than 30% of fruit.

CORIANDOLINE® STICK

Frozen pops, fruit skewers, apple pops, bonbons, pretzel pops, and more.

Coriandoline® Stick are groundbreaking solid pastes that melt into liquid form when heated, and upon cooling, offer a smooth texture, as well as visual appeal to finished desserts.

Code	Product	Unit / Case	Kg / Unit	GF	V	K	H	POF	AP	AFC

GRANITAS

Suitable for consumers of all ages, fresh and regenerating, granitas are the undisputed icon of summer. A timeless specialty known all over the world, the granita is a traditional Italian product boasting a crunchy, icy texture and natural flavor. All PreGel's granitas are easy to prepare, high-quality, and they offer an immediate pleasant feeling on the palate.

GRANITAS

PRONTOGRANITE

PreGel ProntoGranita line offers a variety of powdered pre-balanced products that only require the addition of water (or milk, depending on the recipe) to prepare high-quality, refreshing granitas in just a few steps.
